

Research Proposal for RDC Access

Principal Investigator: Amy Kim, Princeton University*

September 27, 2022

1 Project Title

The Chinese Head Tax and Immigrant Wealth in Canada

2 Project Description, Rationale, and Objectives

2.1 Current Literature

TODO

2.2 Project Objectives

TODO

3 Proposed Data Analysis

What is the proposed statistical methodology?

4 Data Requirements

5 Non-Statistics Canada administrative data requirements

N/A

*Access Location: University of Toronto RDC

6 Resource Requirements

Stata and/or RStudio will be required for data analysis.

7 Funding

I am currently funded through a two-year fellowship from Princeton University's Graduate School and the Princeton University Economics Department. Going forward, I will be funded by the National Science Foundation's Graduate Research Fellowship Program (GRFP). I also hope to apply for department funding from Princeton Economics to cover any fees associated with accessing data for this particular project.

8 Expected Product(s)

I expect to produce a working paper and/or journal article from my work on this project.
